

Topic 3 Days

Report of Contributions

Contribution ID: 2

Type: **not specified**

Overview

Wednesday 20 March 2024 09:15 (10 minutes)

Presenters: BERNDT, Christian; BRUNE, Sascha

Session Classification: Subtopic 3.1: The drivers of geohazards

Contribution ID: 3

Type: **not specified**

Putting a finger on the pulse of our largest tsunami and earthquake factories

Wednesday 20 March 2024 09:25 (25 minutes)

Presenter: WALLACE, Laura

Session Classification: Subtopic 3.1: The drivers of geohazards

Contribution ID: 4

Type: **not specified**

Adria, from geodynamics to seismic hazard

Wednesday 20 March 2024 09:50 (25 minutes)

Presenter: CROSETTO, Silvia

Session Classification: Subtopic 3.1: The drivers of geohazards

Contribution ID: 5

Type: **not specified**

Overview

Wednesday 20 March 2024 13:45 (10 minutes)

Presenters: KOPP, Heidrun; MARTINEZ GARZON, Patricia

Session Classification: Subtopic 3.2: Temporal variations and the late stage before catastrophic events

Contribution ID: 6

Type: **not specified**

Cascading events at Krakatau

Wednesday 20 March 2024 13:55 (25 minutes)

Presenter: URLAUB, Morelia

Session Classification: Subtopic 3.2: Temporal variations and the late stage before catastrophic events

Contribution ID: 7

Type: **not specified**

Transient deformation leading to earthquakes: bridging observations from the lab and the field

Wednesday 20 March 2024 14:20 (25 minutes)

Presenters: KWIATEK, Grzegorz; MARTÍNEZ-GARZÓN, Patricia

Session Classification: Subtopic 3.2: Temporal variations and the late stage before catastrophic events

Contribution ID: 8

Type: **not specified**

Overview

Wednesday 20 March 2024 10:15 (10 minutes)

Presenters: WALTER, Thomas; HANSTEEN, Thor

Session Classification: Subtopic 3.3: Extreme events: characterization, cascades and impact

Contribution ID: 9

Type: **not specified**

Cascading volcanic events at Santorini

Wednesday 20 March 2024 10:25 (25 minutes)

Presenter: PANK, Katherina

Session Classification: Subtopic 3.3: Extreme events: characterization, cascades and impact

Contribution ID: 10

Type: **not specified**

Cascades and impact of the 2023 Turkey earthquake

Wednesday 20 March 2024 10:50 (25 minutes)

Presenters: PETERSEN, Gesa; BÜYÜKAKPINAR, Pinar

Session Classification: Subtopic 3.3: Extreme events: characterization, cascades and impact

Contribution ID: **11**

Type: **not specified**

Overview

Wednesday 20 March 2024 14:45 (10 minutes)

Presenters: BABEYKO, Andrey; KUTTEROLF, Steffen

Session Classification: Subtopic 3.4: Translating hazard knowledge into risk mitigation

Contribution ID: 12

Type: **not specified**

EWERICA project: Rapid source inversion and impact forecasting using GNSS

Wednesday 20 March 2024 14:55 (25 minutes)

Presenter: BABEYKO, Andrey

Session Classification: Subtopic 3.4: Translating hazard knowledge into risk mitigation

Contribution ID: 13

Type: **not specified**

Probabilistic data assimilative space weather early warning system

Wednesday 20 March 2024 15:20 (25 minutes)

Presenter: SHPRITS, Yuri

Session Classification: Subtopic 3.4: Translating hazard knowledge into risk mitigation

Contribution ID: 22

Type: **not specified**

Subtopic 3.1: The drivers of geohazards

Wednesday 20 March 2024 16:00 (1 hour)

Session Classification: Breakout Sessions

Contribution ID: 23

Type: **not specified**

Subtopic 3.2: Temporal variations and the late stage before catastrophic events

Wednesday 20 March 2024 16:00 (1 hour)

Session Classification: Breakout Sessions

Contribution ID: 24

Type: **not specified**

Subtopic 3.3: Extreme events: characterization, cascades and impact

Wednesday 20 March 2024 16:00 (1 hour)

Session Classification: Breakout Sessions

Contribution ID: 25

Type: **not specified**

Subtopic 3.4: Translating hazard knowledge into risk mitigation

Wednesday 20 March 2024 16:00 (1 hour)

Session Classification: Breakout Sessions
