

EWPA 2024

Thursday 19 September 2024

Cathodes for polarized electron sources - 106/255 - Hörsaal / Lecture Hall (09:20 - 11:00)

time	[id] title	presenter
09:20	[36] Activation studies for GaAs photocathodes at Photo-CATCH	HERBERT, Maximilian
09:45	[28] High intensity polarized beam photogun to drive a positron source	Dr HERNANDEZ-GARCIA, Carlos
10:10	[29] Cathodes with optimized quantum efficiency for driving a spin polarized positron source	AULENBACHER, Kurt
10:35	[3] DBR Photocathodes for EIC polarized electron source	RAHMAN, Omer
