

## Hands-on Exercise (Pandas) Loading Data

*Wednesday 16 October 2024 14:30 (1h 30m)*

Try out your newly learned skills on a real-live data set.

In this section, you will learn how to load a complex data set and re-shape it into a usable form based on the provided metadata. The instructors are available to give advice and feedback.

**Session Classification:** Introduction to Pandas
