

8th BigBrain Workshop - Challenges of Multimodal Data Integration

Tuesday 10 September 2024

Contributed Talks - Multimodal data acquisition and processing (co-Chairs: Jordan DeKraker, Timo Dickscheid) - Elettra (10:45 - 11:45)

time	[id] title	presenter
10:45	[12] Mapping neurotransmitter receptor distributions in the macaque cortex	FUNCK, Thomas
11:00	[32] Label-free biomolecular tissue analysis in the living brain via vibrational fiber photometry at arbitrary depth	PISANO, Filippo
11:15	[15] Adaptation of FreeSurfer v7.4 pipeline for automated volumetric parcellation and cortical surface extraction of BigBrains 1 and 2	LEWIS, Lindsay
11:30	[29] The Extremely Brilliant Brain: The Isotropic Micrometric Human Brain Dataset	CHOURROUT, Matthieu
