## **If: FRAM/HAUSGARTEN - Recent findings, current status and future perspectives**

*Wednesday 13 November 2024 15:30 (1h 30m)*

FRAM and LTER HAUSGARTEN are successful flagship-projects of Topic 6 and 2, with a long-term perspective. The intention of this breakout session is to summarize the current status and findings for the evaluation, and to review the strategy (scientific and logistical) for the continuation of the long-term observatory beyond POF-IV.

**Presenter:** METFIES, Katja

**Session Classification:** Breakout Sessions
