Ih: Supporting our Supporters

Wednesday 13 November 2024 15:30 (1h 30m)

Many of you support our Early Career Researchers. PhD candidates are being supervised, postdocs get guidance and input for their further career development. While AWIs programs for our ECRs are well known POLMAR and PROCEED are often being asked: “And what do you do for us - the PIs?” In this breakout session we would like to collect more information about your needs and learn how we can better support you in supporting the ECRs. Also, we would like to give an overview of what we are currently offering you.

Presenter: GATTI, Susanne

Session Classification: Breakout Sessions
