

Science Week 2024 - Onsite event

Tuesday 12 November 2024

Plenary I: Topic 1&2 - Nordseemuseum (10:15 - 11:55)

-Conveners: Thomas Jung

time	[id] title	presenter
10:15	[182] Presentation Topic 1: "The Atmosphere in Global Change"	REX, Markus
10:23	[184] INSPIRES Topic 1: "Dynamical effects of air mass transport on the Western Pacific clean air pool"	MUELLER, Katrin
10:33	[183] Presentation Topic 2: "Ocean and Cryosphere in Climate"	LOHMANN, Gerrit
11:03	[185] INSPIRES Topic 2: "How temperature seasonality drives interglacial permafrost thaw"	NITZBON, Jan
11:13	[186] INSPIRES Topic 2: "Positive cloud-ice feedbacks accelerate abrupt Southern Ocean sea ice decline"	ZAPPONINI, Martina
11:23	[188] INSPIRES Topic 2: "Improving climate models with inferences from paleoclimate - dependence of skill increase on the climate state"	MATOS, Fernanda
11:33	[187] INSPIRES Topic 2: "High resolution subglacial topography beneath the Northeast Greenland Ice Stream"	CARTER, Charlotte
11:43	[189] CANCELLED - INSPIRES Topic 2: "AWI's Ramped Pyrolysis-Oxidation system: Recent achievements and international comparison"	KATTEIN, Laura
