

Saxony meets Lower Silesia - Science Across Borders Conference

Tuesday 18 June 2024

Life Science & Digital Health (13:00 - 14:45)

time	[id] title	presenter
13:00	[101] Harnessing the power of microbial siderophores for nuclear imaging	GUMIENNA-KONTECKA, Elzbieta
13:30	[102] Cation Specific Stabilization of FUS Biomolecular Condensates	ADAMS, Ellen
13:45	[103] METABOLATOR: Establishing a Citable Web Application for Automated Metabolic Load Analysis	PAPE, David
14:00	[104] Droplet-Based Microfluidics for Point-of-Care Monitoring of Biomarker Levels in Clinical Diagnostics	ZHAO, Xinne
14:15	[105] Multiplexed Extended-Gate Field-Effect Transistor Biosensing Systems: Powerful and Cost-Effective Tools for the Future of Digital Healthcare	JANICIJEVIC, Zeljko
14:30	[106] Anti-SARS-CoV-2 platform based on maleimide-functionalized liposomes	MICHEL, Olga
