

Ingredients for a perfect Workshop: An Experience Exchange

Thursday 21 November 2024 13:30 (1 hour)

There have been many workshops and knowledge transfer events in the last years within and around Helmholtz. In this workshop, my participants and I will pool our experiences from those to outline what makes workshops successful.

This will include tangible aspects such as organization, communication, didactic but also the question what the right “vibe” for a workshop is and how to achieve it.
