

# Second workshop of the CARF remote sensing

## Wednesday 16 October 2024

**Methods: Methods - Haller lecture hall (15:30 - 16:40)**

-Conveners: Michael Eineder		
time	[id] title	presenter
15:30	[25] Key note: Remote Sensing and AI to Support Disaster Response	Dr MERKLE, Nina
15:50	[1] Multimodal Earth Vision and Artificial Intelligence Techniques for Natural Hazard Risk and Impact Assessment	GEISS, Christian
16:00	[12] Advancing remote sensing through knowledge and technology transfer: The Role of FERN.Lab in a rapidly expanding market	BEAMISH, Alison
16:10	[10] The new airglow measurement system OASIS at Cerro Paranal, Chile nearby the Very Large Telescope (VLT)	HANNAWALD, Patrick
16:30	[14] GNSS radio occultation data for weather forecast and climate research	SCHMIDT, Torsten
