JuRSE: a RSE community of practice at FZJ

Wednesday 26 February 2025 19:40 (20 minutes)

The poster will show what actions we've taken to create and engage an RSE Community at FZJ so that other centres might be encouraged to do the same thing at their centre. It will show the initiatives and tools that we have created like a publication monitor, Code of the Month, Open Hours, Newsletters etc. We will show how we're encouraging good practice through our 'Resources' website which helps scientists adopt the FZJ software guidelines and how we're spreading the word about what good scientific practice means when doing research software engineering.

I want to participate in the youngRSE prize

no
