## Establishing central RSE units in German research institutions

*Thursday 27 February 2025 09:20 (20 minutes)*

What defines an “RSE unit”? Where does it fit into the German academic research environment? What are typical tasks of such a unit? What could its structure look like? What are typical challenges the units face? These are only some of the questions that the upcoming (at the time of talk submission) paper with the same name ([https://github.com/DE-RSE/2023\\_paper-RSE-groups](https://github.com/DE-RSE/2023_paper-RSE-groups)) addresses and which we present in this talk: not focusing on individual or specialised RSE groups, but central RSE service units.

### I want to participate in the youngRSE prize

no

**Primary authors:** STRUCK, Alexander (Cluster of Excellence Matters of Activity); LOEWE, Axel (Karlsruhe Institute of Technology (KIT)); FLEMISCH, Bernd (University of Stuttgart); KEMPF, Dominic (Scientific Software Center, Heidelberg University); GOTH, Florian (Universität Würzburg); LOEFFLER, Frank (Friedrich Schiller University Jena); LINXWEILER, Jan (Technische Universität Braunschweig); GRAD, Jean-Noël (University of Stuttgart); ANKENBRAND, Markus (University of Würzburg, Center for Computational and Theoretical Biology, BioMedical Data Science); Dr SCHÄFER, Philipp Matthias (Friedrich-Schiller-Universität Jena)

**Presenter:** LOEFFLER, Frank (Friedrich Schiller University Jena)

**Session Classification:** Local RSE Units or groups

**Track Classification:** Policies and Community Building: local RSE related organisations
