Meet-Up: RSEs within Leibniz Association

Tuesday 25 February 2025 17:15 (1 hour)

After a first successful meeting of RSEs within the Leibniz Association at deRSE24, we would like to use the opportunity again and invite all RSEs which are either working on a Leibniz institute or interested in the work of RSEs in Leibniz to join us and discuss the current state of affairs within Leibniz and how we can further grow and raise awareness as RSEs in Leibniz.

Before looking into the future plan to recap on what happened during the last year including the Kickoff-Meeting of the “Arbeitsgruppe Softwareentwicklung” in April. We hope for a broad participation of Leibniz related RSE and good discussions.

I want to participate in the youngRSE prize

no
