

4. Helmholtz Reproducibility Workshop

Contribution ID: 3

Type: **not specified**

Workshop 1: From Methods to Results Reproducibility

Tuesday 25 March 2025 10:30 (2 hours)

Reproducibility is often seen as an important cornerstone for the advancement of science. But what does it actually mean and how does it affect your daily work? In this workshop, we will explore different types of reproducibility, strategies to improve it, and also some probabilistic thoughts on why we will never achieve full reproducibility.

Requirements: A laptop.

Presenter: Dr TOELCH, Ulf (BIH QUEST Centre for Responsible Research @ Charité)

Session Classification: Workshops
