

27th International Conference on Nonlinear Elasticity in Materials

Tuesday 15 July 2025

Geophysical observations: I (09:00 - 10:10)

time	[id] title	presenter
09:00	[7] Study on Post-seismic Slow Dynamic Recovery of Seismic Velocity in Tengchong Volcanic Area, Yunnan	Mr WANG, Xin
09:35	[17] Nonlinear response of rocks to strong shaking: observations, modelling, challenges	IGEL, Heiner

Geophysical observations: II (10:50 - 12:00)

time	[id] title	presenter
10:50	[32] Nonlinear elasticity in fault-zone and volcanic rocks	VAN WIJK, Kasper
11:25	[11] Theoretical and observational results on damage related radiation	BEN-ZION, Yehuda
