

# 9th BigBrain Workshop - HIBALL Closing Symposium

## Wednesday 29 October 2025

### Session 4: Multimodal Modelling & Brain-inspired AI (13:30 - 15:00)

time	[id] title	presenter
13:30	[57] Integrating and interpreting brain maps	Prof. MIŠIĆ, Bratislav
14:00	[6] Multi-modal data integration to relate electrophysiology to (neuro)biological foundations	STOOF, Ulrich
14:15	[26] Glucose Metabolism echoes Long-Range Temporal Correlations in the Human Brain	FACCA, Massimiliano
14:30	[47] Phenotyping whole-brain dynamics with modality-agnostic energy landscapes and cohort embeddings	KĘDYS, Julian
14:45	[10] Scalable Framework for Region-Specific Brain Network Models: Integrating Multimodal Data for Deep Brain Activity Simulation	SALINAS MEDINA, Alejandro
