

# RDSC Workshop at Informatik 2025

## Report of Contributions

Contribution ID: **10**

Type: **not specified**

## **From Research Data to Research Software Competencies**

*Tuesday 16 September 2025 14:00 (30 minutes)*

Contribution ID: 11

Type: **not specified**

## **Code competencies for better science: Recommendations for the German academic system**

*Tuesday 16 September 2025 14:30 (20 minutes)*

Contribution ID: 12

Type: **not specified**

# Comparing Research Software Engineering and Data Science Competencies

*Tuesday 16 September 2025 14:50 (30 minutes)*

Contribution ID: 13

Type: **not specified**

## **An Overview of Competency Areas in Artifact Evaluation**

*Tuesday 16 September 2025 15:20 (20 minutes)*

Contribution ID: 14

Type: **not specified**

## **Supporting Research Software Competencies with Infrastructure**

*Tuesday 16 September 2025 15:40 (20 minutes)*

Contribution ID: 15

Type: **not specified**

## **From data to knowledge: OER-supported teaching of data literacy in administrative science**

*Tuesday 16 September 2025 16:30 (30 minutes)*

Contribution ID: 16

Type: **not specified**

# **A Jupyter Book Template for Research-Based Open Educational Resources in Data Literacy**

*Tuesday 16 September 2025 17:00 (20 minutes)*

Contribution ID: 17

Type: **not specified**

## **Interactive Visualization with the R Package Shiny: A Tool for Building Research Data and Software Competencies**

*Tuesday 16 September 2025 17:20 (20 minutes)*

Contribution ID: **18**

Type: **not specified**

## **Metadata with Schema.org for Training Materials**

*Tuesday 16 September 2025 17:40 (20 minutes)*
