

Multiscale Modeling of Matter under Extreme Conditions

Thursday 15 September 2022

Afternoon Session (Thursday) (14:30 - 17:45)

time	[id] title	presenter
14:30	[34] Warm Dense Matter, Quantum Hydrodynamics, and Shocks	GRAZIANI, Frank
15:15	[31] Transferability of DFT surrogate models: Temperature and system size	FIEDLER, Lenz
15:45	Coffee Break	
16:15	[30] Computational Challenges in the development of a surrogate model for Density Functional Theory	RAJAMANICKAM, Siva
