

Collaborative Sessions

Wednesday 5 November 2025 13:30 (1h 30m)

We know resources are limited. In several collaborative sessions (1-2-4, World Café, or similar) we identify low hanging fruits and collect ideas for projects, that might make a big difference for RSEs in Helmholtz while asking for a realistic resource investment. We also look at what policies are hurtful or might be helpful.

Session Classification: Workshop
