

## **Workshop 2: Effective use of Large Language Models (e.g. ChatGPT) in teaching**

*Tuesday 30 September 2025 09:00 (4 hours)*

In this hands-on workshop, participants

- \* learn basic techniques in prompt engineering

- \* get inspiration on how to use Large Language Model tools in teaching or to prep for courses.

To take part, participants must have/create a (free) ChatGPT-Account. To make working with ChatGPT more secure, you will receive a Team license from HIDA for the duration of the workshop.

**Session Classification:** Workshops (swapping groups)
