Introduction and Core Ideas by Hans-Jörg Vogel

Contribution ID: 2

Type: **not specified**

Session Topic: Characterization of soil functioning via indicators - how to address „soil health“?

Monday 9 February 2026 13:30 (2 hours)

Contribution ID: 3

Type: **not specified**

Session Topic: Feedbacks between Plants, Water and Soil Structure

Monday 9 February 2026 16:00 (2 hours)

Contribution ID: 4

Type: **not specified**

Session Topic: The biological control of soil functioning

Tuesday 10 February 2026 08:30 (2 hours)

Contribution ID: 5

Type: **not specified**

Session Topic: Conceptualizing carbon cycling

Tuesday 10 February 2026 11:00 (2 hours)

Contribution ID: 6

Type: **not specified**

Session Topic: The intricate paths of the nitrogen cycle

Tuesday 10 February 2026 16:00 (2 hours)

Contribution ID: 7

Type: **not specified**

Session Topic: Systemic Soil Modelling to support sustainable soil management

Wednesday 11 February 2026 08:30 (2 hours)

Contribution ID: 8

Type: **not specified**

Final Discussions

Wednesday 11 February 2026 11:00 (2 hours)
