

Computational Modelling of Complex Systems

Wednesday 19 November 2025 13:40 (20 minutes)

tba, How and which data science can help us enhancing model interoperability, scenario analysis, and interdisciplinary collaboration?

Please edit the title and abstract by November 20th 2025.

Presentation 20 min

+

Q&A 5 min

If possible, please upload your presentation and up to two relevant relating research papers.

Primary author: OSWALD, Yannick (University of Lausanne)

Presenter: OSWALD, Yannick (University of Lausanne)

Session Classification: Module 5 –Data Science and AI: Capabilities of Data-Driven Methods
