## Me first.

*Tuesday 26 July 2022 14:00 (20 minutes)*

First, I'll tell you what I think about the subject. I think I have a wealth of experience, because I have three dogs. And I also had many dogs before. They love that I'm home so much right now and appreciate the home office situation. They are happy when I am there and when I am not, they are sad.
