

## IP1-A1: Workshop on GCEF/Bad Lauchstädt

*Wednesday 12 October 2022 14:00 (1h 30m)*

By presenting an inventory of current projects and research activities at experimental platforms of the UFZ this workshop aims to discuss synergies and complementarities in experimental field research to identify gaps and potentials for future collaborations within and across research units. (including a query among the participants (also in relation to POF goals))
