

15th JLESC Workshop

Thursday 23 March 2023

Short Talks on Tasking - LaBRI Amphi (14:00 - 15:30)

time	[id] title	presenter
14:00	[13] DASK enabled external tasks for in transit analytics with DEISA	Mrs GUEROUDJI, Amal
14:10	[15] Memory-Aware Scheduling of Tasks Sharing Data on Multiple GPUs with Dynamic Runtime Systems	GONTHIER, Maxime
14:20	[22] A Communication Module for FMSolvr	WERNER, Theresa
14:30	[37] A task-based data-flow model for distributed and heterogeneous applications	SALA, KEVIN
14:40	[14] Programming Heterogeneous Architectures using Hierarchical Tasks	LUCAS, Gwenole
14:50	[54] Using coroutines in a task-based runtime system	SCHUCHART, Joseph
15:00	[72] Enhancing iteration performance on distributed task-based workflows	BARCELO, ALEX
15:10	Discussions
