

Breakout Session 4: GEO & GEOSS Pilor Services

Tuesday 23 May 2023 16:30 (1h 30m)

The session will deal with the application of the Arctic GEOSS to receive 'Initiative' status and the links with ESA and Copernicus.

A tentative list of themes is:

Presentations

- GEO Secretariat (?)
- Pilot services status in AP (Mikko Strahlendorff)
- Shared Arctic Variables (Jan Rene Larsen)
- ESA Arctic Cluster actions (Diego Fernandez has been invited)
- Planet - Arctic EO program proposal (potential theme)

Panel discussion

- How can EO services impact most effectively Arctic communities?
- How can Arctic Passion work best along the value chains to pilot services?

Presenters: LARSEN, Jan Rene (AMAP); STRAHLENDORFF, Mikko (FMI)

Session Classification: GA Day 1
