

Breakout session 6: Societal Benefit Analysis (1/2) tool presentation and training with PS2

Wednesday 24 May 2023 11:00 (1h 30m)

This breakout session is entirely focusing on implementing the valuation of PS2 (Permafrost monitoring).

Next to participation from PS2 this session could be relevant for experts and stakeholders engaged in PS1 (Event Database of CBM Using Oral Histories, indigenous and Local Knowledge).

We will elaborate in particular on 3 evaluation steps (out of 7), being:

step 1 - Description and context of the service - indicating (potential) users, considered effects, and relevant indicators

step 3 - Specify the difference between earlier provided information and the information provided by the new service

step 6 - Ways to measure and interpret use volume by (type of) user

Presenters: PERRELS, Adriaan (FMI); SAVOLAINEN, Sampo (Spatineo); DOBRICIC, Srdjan (JRC)

Session Classification: GA Day 2
