**2nd November 2023**

**9 am to 6:30 pm**

**Helmholtz Centre for  
Environmental Research  
(UFZ)**

## Pioneering Impact Together: Science meets Business

**When:** 02.11.2023 from 9 am to 6:30 pm

**Where:** UFZ Kubus

### **What to expect:**

*Introduction Round:* Begin by acquainting yourself with a diverse group of scientists, entrepreneurs, and business enthusiasts. Share visions, establish common ground, and set the tone for fruitful collaboration.

*Practical Insight Session:* Hear from experts, as they share real-world experiences and success stories and get inspired.

*Thematic Collaboration:* Deep dive into specific sustainability challenges. Interdisciplinary teams will be formed around pressing topics, offering a chance for diverse minds to brainstorm, strategize and ideate.

*Co-Working:* Engage in focused and guided group work, mould innovative ideas and lay the foundation for sustainable solutions.

*Pitching Session:* Teams present their innovative solutions and ideas. A platform to gain feedback and possibly, witness the birth of the next big sustainability venture.

*Networking:* Meet a diverse group of people, each with unique skills and visions, willing to exchange ideas, collaborate and embark on a new journey. After a day full of ideas and discussions, enjoy the evening and unwind with fellow attendees

### **This event is brought to you by:**

- UFZ: A beacon in environmental research.

- HHL (Leipzig Graduate School of Management): A cradle for future business leaders with a keen focus on entrepreneurship and innovation.

### **Closing Note:**

Big ventures start with small steps. Join us at the **EcoInnovate Summit** and take your first steps with us!
