

# ChETEC-INFRA 3rd General Assembly and Transnational Access User Meeting

## Wednesday 7 June 2023

### ChETEC-INFRA Transnational Access Users' Meeting: Science for and With Transnational Access (14:00 - 15:15)

-Conveners: Tamás Szücs

time	[id] title	presenter
14:00	[25] Systematic and statistical nuclear uncertainties studies and presentation of the NetGen online tool	Dr MARTINET, Sébastien
14:15	[19] Stellar SNIa Yields	Dr KEEGANS, James
14:30	[23] Study of ion-ion fusion mechanisms at very low energies for nuclear astrophysics	Dr GUARDO, Giovanni Luca
14:45	[24] Measuring at Intermediate Metallicity Neutron Capture Elements	CESCUTTI, Gabriele
15:00	[22] A new set of core-collapse supernovae models to study the gamma-process nucleosynthesis	Dr ROBERTI, Lorenzo

### ChETEC-INFRA Transnational Access Users' Meeting: Transnational access status and perspectives (15:45 - 17:15)

time	[id] title	presenter
15:45	[27] Transnational Access in ChETEC-INFRA: Status and Developments	BOELTZIG, Axel
16:05	[28] Sustainability: Transnational Access in ChETEC-INFRA and Beyond	Prof. BEMMERER, Daniel
16:25	[29] Round Table Discussion	
17:10	[30] Closing Remarks	Prof. BEMMERER, Daniel
