Keeping the HELIPORT Code Base Maintainable: Our Tools and Approaches

Wednesday 14 June 2023 09:15 (30 minutes)

In this talk, different approaches to keeping the HELIPORT code base maintainable will be presented. It will discuss both the tools used to automate various aspects of development and operation of HELIPORT, as well as how certain aspects of development are approached and how the choice of libraries and tooling helps these aspects.

Type

Talk

Primary authors: PAPE, David (HZDR);   VOIGT, Martin (HZDR);   KNODEL, Oliver (Helmholtz-Zentrum Dresden-Rossendorf)

Presenters: PAPE, David (HZDR);   VOIGT, Martin (HZDR);   KNODEL, Oliver (Helmholtz-Zentrum Dresden-Rossendorf)

Session Classification: Develop and Deployment

Track Classification: Infrastructure
