

Using containers in science

Wednesday 27 September 2023 09:00 (4 hours)

Containerized solutions can be helpful in the testing stage of continuous integration. This day will focus on how to use containerized solutions for scientific projects using Docker as an example.

Presenters: Mr HUESER, Christian (Helmholtz-Zentrum Dresden-Rossendorf (HZDR)); ZIEGNER, Norman (UFZ); HUSTE, Tobias (Helmholtz-Zentrum Dresden-Rossendorf)

Session Classification: Course Package 5 (HIFIS)
