

NFDI4Earth Academy - Your training network to bridge Earth System and Data Sciences

Thursday 4 April 2024 17:12 (1 minute)

The NFDI4Earth Academy is a network of early career –doctoral and postdoctoral - scientists interested in bridging Earth System and Data Sciences beyond institutional borders. The research networks Geo.X, Geoverbund ABC/J, and DAM offer an open science and learning environment covering specialized training courses and collaborations within the NFDI4Earth consortium with access to all NFDI4Earth innovations and services. Academy fellows advance their research projects by exploring and integrating new methods and connecting with like-minded scientists in an agile, bottom-up, and peer-mentored community. We support young scientists in developing skills and mindset for open and data-driven science across disciplinary boundaries. The first cohort of Fellows successfully completed their first year in the Academy and look forward to continuing their journey with events including an online Spring School and Think Tank. In addition, the second cohort of Fellows will join the Academy this spring.

Primary authors: DREWS, Effi-Laura (Forschungszentrum Jülich & Geoverbund ABC/J); KUPPLER, Jonas (German Research Centre for Geosciences (GFZ) & Geo.X); Ms SAUERLAND, Kristin (University Bremen/MARUM & Deutsche Allianz Meeresforschung (DAM))

Co-authors: Dr GÖDDE, Hildegard (German Research Centre for Geosciences (GFZ) & Geo.X); Dr NTAGERETZIS, Konstantin (Forschungszentrum Jülich & Geoverbund ABC/J); WIEMER, Gauvain (Deutsche Allianz Meeresforschung (DAM))

Presenter: DREWS, Effi-Laura (Forschungszentrum Jülich & Geoverbund ABC/J)

Session Classification: Posters, Demos and Refreshments

Track Classification: Postersession
